*Industry Professionals, please join us for this exciting event showcasing the hard work of the Senior engineering students at SDSU! This event has grown every year due to the impressive industry participation in supporting students, supporting our local universities, and in the stiff competition to find the best talent. This is a convention hall type format, feel free to show up any time and browse around the tables engaging students and catching up with fellow professionals. And remember we are always looking for great projects to offer in upcoming semesters so please contact us with suggestions.*

**NO PRE-REGISTRATION REQUIRED**

**PLENTY OF FREE PARKING**
